Ground wasp

One time when i was a kid around 2-3 years old, i stepped on a ground wasp nest. "OUCH!" when i did i also had my dog next to me who was a great dane.

At that moment i was **screaming** and my dog ran off hurt. i got stung in a total of 27 times and my dog got stung 9 times. The EMS had to come and my lip was swollen and i was just in pain.
